## WETOR 694- HAND WASHER W/DOSER

REF: 694

### DESCRIPTION

Petroleum solvent-free hand wash cream with micro-brushing action for medium to professional soiling persistent. Quickly removes oil, grease, paint, wax, bitumen, plaster, vegetable stains. The microspheres make the slightly abrasive cream helping to dissolve the dirt that has penetrated. Leaves skin soft and lightly scented. Dermatologically tested and "environmentally friendly" product.

### DIRECTIONS FOR USE

Wet your hands lightly. Apply a small amount of the product to the palm of your hand and spread in a circular fashion. Add some water and continue the movement. Let the product act (max.30 sec). Rinse well and dry with paper clean and solid.

### CHARACTERISTICS

Aspect:	Viscous and creamy white liquid
Texture:	Slimy and creamy with granules
PH:	7

### PRECAUTIONS

This product contains strong cleaning agents and exfoliating substances. Use only on healthy skin (hands, wrists, forearms) and wet. Never apply the product to dry skin or face. Do not exceed more than ten applications per day (temperature  $>10^{\circ}\text{C}$ ) or more than five applications per day (temperature  $<10^{\circ}\text{C}$ ). Dry your hands after use to avoid the risk appearance of cracks. It is highly recommended to combine the use of this product with a moisturizer to compensate for the dehydration caused by exfoliating substances. This recommendation is particularly suitable during variations temperature changes (heating or cooling). Keep out of the reach of children. Store away from frost. Maximum storage temperature  $35^{\circ}\text{C}$ . Do not swallow. In case of contact with eyes, rinse thoroughly and consult a doctor. In case of ingestion, consult a doctor immediately and show the label to the doctor.

### PACKING

Packing volume: 3 liters

### EXPIRATION DATE

3 years after production date.  
Product expiration date can be found on the packaging.
